

DICENTIS Select Language at Seat

www.boschsecurity.com

BOSCH
Invented for life

The DICENTIS seat licenses allow the functionality of the DICENTIS Devices to be extended to suit the participant's needs. The 'DICENTIS Select Language at Seat license' enables the language selection feature of the DICENTIS multimedia, or Extended Device. An individual license is required for each DICENTIS Device that requires language selection. The license is supplied as an activation code and is enabled in the same way as other activation codes in the DICENTIS Conference System.

Functions

The interpreted languages are distributed in the DICENTIS System and presented in the language list of the DICENTIS multimedia, or DICENTIS Discussion device with touchscreen. The floor language is the first language in the list. The participant can select the required language from the language list, and then listen to the interpreted speech via the headphone output of the connected DICENTIS multimedia, or DICENTIS Discussion device with touchscreen.

Language selection

The 'DICENTIS Select Language at Seat license' enables participants to:

- Easily select the required language from the language list on the DICENTIS multimedia, or DICENTIS Discussion device with touchscreen.

- ▶ Intuitive interface for switching between floor language and other available languages
- ▶ Name of selected language is clearly displayed using original name and characters
- ▶ Interpreted speech can be listened to via headphone output of DICENTIS Multimedia device, DICENTIS Discussion device with touchscreen or DICENTIS Discussion device with language selector

- Quickly switch between the floor language and other available languages.
- Conveniently listen to the selected language by using the headphone socket on the DICENTIS multimedia, or DICENTIS Discussion device with touchscreen.
- Next to pre-defined languages, it is possible to add user-defined language names.
- The display of the language name is configurable as name or abbreviation with an optional language number.
